About me

I am a senior student majoring in Software Engineering at Ho Chi Minh City University of Natural Sciences. My passion lies in technology, especially system architecture. I am a person who knows how to listen and learn. I work well with other team members for the collective benefit.

Projects

Class Management System

- This is a simple class management system that allows you to manage classes as well as students in the classes along with student scores.
- Technologies I used:
 - FE: ReactJS, tailwind, MUI.
 - BE: NestJS, PostgreSQL.
